ARA 2026 SYMPOSIUM

Aligning Industry with Purpose

Connecting science, trade and policy to shape what's next

The Australian Renderers Association's Symposium returns in 2026. Held every two years, this event brings together the rendering supply chain for three days of connection, insight and opportunity.

Taking place in Melbourne from 15 to 17 September, the 2026 Symposium will explore how the industry is aligning with shifting global expectations. With growing demands around trade, compliance and innovation, the program is focused on what's next and how the industry is responding.

The Trade Hall will again be the centre of activity, hosting all meal breaks, networking sessions and social events. It's where conversations begin, connections are made and relationships grow.

Sponsoring or exhibiting at the Symposium offers direct access to key decision-makers and influencers from across Australia and abroad.

Whether your business already supports the rendering sector or is looking to build new partnerships, we invite you to take part.
